Chef and Catering Team (residential or non-residential)

The Harnhill Centre was founded in 1986 by a local clergyman, Canon Arthur Dodds, who had a passion for the Christian healing ministry. Based in a Cotswold Manor House and beautiful grounds, it is situated in the small hamlet of Harnhill about four miles from Cirencester, surrounded by open countryside.

'The Harnhill Centre of Christian Healing' is a registered charity. Under the guidance of the Trustees, the staff team is led by the Centre Director and Chaplain and works alongside dedicated volunteers. In addition to the Ministry Team, we employ a Bursar, Development Officer, Catering Team, a full-time Facilities Manager and Housekeeper and part time Housekeeping Team.

The Harnhill Centre is built upon a strong community, both residential and non-residential, who are committed to ministering to those in need of healing. The Manor has 20 beds for residential guests and all the bedrooms are ensuite. Public healing services are held each week in the Barn and regular rhythm of worship and prayer in our Chapel underpin every activity throughout the week.

Non-residential Chef: The remuneration package includes salary and 31 days leave inclusive of Bank Holidays. Hours: Will not exceed 48 hours per week over a 2-week period and includes weekends. A weekly day off will be on a Monday.

OR

Residential Chef: The remuneration package includes salary, accommodation, utilities, basic household insurance and 31 days leave inclusive of Bank Holidays. Hours: Will not exceed 48 hours per week over a 2-week period and includes weekends. A weekly day off will be on a Monday.

The accommodation available on site for a new Chef is part of the converted farm and ancillary buildings. It is worth noting at this point that if you are interested in a residential post, the communal style of living would not suit anyone with dependents who live with them. Please also note the Centre is four miles outside Cirencester and public transport is severely limited. Own transport would be advisable.

The focus of the Chef and Catering Team is to ensure the preparation of food in both the Manor House and Barn Conference Centre kitchens is to a high standard. Except for breakfast, all meals are provided by the Catering Team, ranging from buffet lunches to main meals, with numbers from 8-150. In addition to catering for our guests, we are establishing a Café, which you will be required to cater for, the purpose of which is to add value to the experience of visitors to Harnhill, providing a quiet place to relax, receive ministry and enjoy the peace and quiet of our surroundings. To start with the Café will offer hot drinks, healthy snacks and light meals and be overseen by our in-house hospitality team.

We are looking for a chef for our catering team who:

- Has recent experience in catering for a wide range of dietary requirements
- Has a good understanding of how food plays an important part in providing a high standard of hospitality for our guests and is focused on maintaining this.
- Will ensure a clean and hygienic kitchen environment is maintained in compliance with food preparation hygiene standards.
- Is compassionate and patient towards all our guests, and especially those who are vulnerable regarding their dietary requirements.
- Has the ability and temperament to work well within a team
- Has good self-awareness and exhibits flexibility, calmness, kindness and humour

If this post interests you, please apply using the formal application form available from www.harnhillcentre.org.uk/69/Vacancy to: the Director at The Harnhill Centre, Harnhill, Cirencester, Gloucestershire, GL7 5PX or email info@harnhillcentre.org.uk with:-
